GIS Project Status – Orthoimagery Needs Assessment
August 2018

Objectives

- Collect information from NH GIS stakeholders on needs for statewide orthoimagery - through input sessions and online survey
- Utilize information collected to develop image acquisition specifications, identify potential vendors, and develop a funding allocation model

Benefits

- Provides guidance and strategy for the regular acquisition of statewide imagery
- Increases utilization of spatial data assets
- Improves information-sharing, coordination, and collaboration among the state's GIS stakeholders

Cost

- DoIT capital budget funds in the amount of $29,448 awarded to GRANIT, Earth Systems Research Center, UNH, to coordinate assessment. Funds provided through state/UNH cooperative agreement that specifies invoicing based on costs incurred
- Time of GIS TAC Task Force members' participation not charged to this project. Estimated 125 hours, based on 5 people @ 25 hrs/person

Stakeholders

Sponsor Organizations: DoIT
Project Sponsor: Denis Goulet
Project Manager: Fay Rubin
Participants: GIS Technical Advisory Committee Task Force, GIS Technical Advisory Committee, GIS practitioners

Accomplishments

- Hosted final 2 user input sessions – Concord on August 1st and Portsmouth on August 23rd.
- Issued reminders to complete the online survey to multiple email lists.

Commentary

- Participation in Concord meeting was significant – primarily state agency users and some municipal representatives. Portsmouth input session had very limited participation.
Project Status:

Issues/Risks

- No issues or risks were identified over the past month that affect the project objectives, schedule, or budget

Changes

- No changes to objectives, schedule, or any other aspects have impacted the project over the past month
